

# LEGEND FITNESS®

## OLYMPIC BAR

**FINALLY**, bars worthy of the **LEGEND** name.

Machined, tested, and manufactured in the USA. Great strength, sleeve spin and whip characteristics coupled with high quality construction make this one of the best values on the market for an Olympic barbell.

This model features black zinc plated sleeves and a bright zinc plated bar. The knurl has a low-rise for those that don't care for the sharp stuff. Each sleeve features long 16.5-inch plate load areas, a 1-inch thick collar, and dual Oilite bushings that provide the right amount of spin.

This bar exhibits a medium amount of whip during Olympic movements, and carefully selected alloys keep everything strong and straight. Limited

**2 YEAR WARRANTY** against manufacturer defects or breakage. This warranty does not cover rust, bending due to misuse, or any defect caused from use outside the stated functional capacity of the bar. Warranty against bending does not cover any bar which has been damaged due to negligent or faulty use, alteration, maintenance, storage or handling by the user. Negligent or faulty use includes abusive dropping of the bar (i.e., dropping the bar on a box, bench, spotter arms or hooks in a power rack, excessive dropping with insufficient or damaged bumper plates, or excessive dropping with iron plates, and similar usage). Any specific issues or product warranty claims will be reviewed on a case-by-case basis.

### PRODUCT SPECIFICATIONS

- Light knurl texture
- No center knurling
- Moderate whip
- 28.5mm bar diameter
- Dual Oilite bronze bushings per sleeve
- Olympic/powerlifting marks
- Dual snap ring ends per sleeve
- Minimum tensile strength: 190K
- Minimum yield strength: 176K
- Black zinc plated sleeves
- Bright zinc plated bar
- 100% made in the USA
