## SELECTEDGE LEG EXTENSION/CURL COMBO

(Part 1125)

The SelectEDGE Leg Extension/Curl Combo makes working quads and hamstrings easy. One machine works both muscle groups with a quick set of smooth adjustments. It's effective and space-saving, all in one sleek SelectEDGE package!

In addition to modern styling, the SelectEDGE Leg Extension/Curl Combo offers smooth movements and plenty of adjustability. Combine this with easy access to the weight stack and it's a breeze to use. Available in our multitude of powder coat color options with two-tone upholstery standard, this combo machine will fit perfectly in any gym.

### WEIGHT STACK INFO:

The SelectEDGE Leg Extension/Curl Combo comes with a 250 pound weight stack, so everyone from novice users to Mr. Quads of Steel can use it. Adder plates and upgrades are not available.

*NOTE:* This machine features a 30 pound counterbalance to offset the weight of the roller pad and lever arm.
