

LEGEND FITNESS®

INNER/OUTER THIGH COMBO

(Part 964)

- Weight stack accessible from the exercise position.
- Seat back adjusts for leg length.
- Multiple starting positions.
- 2-position foot bars.
- Single pop pin switches between exercises.

DESCRIPTION

The Inner/Outer Thigh Combo takes the best two thigh machines and combines them into one. The result is a space-saving pin select machine that anyone can use. Multiple starting positions for both the inner and outer thigh exercises makes it so this piece can accommodate users of all levels. The adjustable back pad, thick padding, and dual foot pegs provide unmatched comfort. Give this machine some attention and the results will follow.

WEIGHT STACK INFO

The Inner/Outer Thigh Combo comes with a 200-pound weight stack. If necessary, this can be upgraded to 250 or 300 pounds.

41" L
59" W
63" H

661 lbs.
