

# THE *LEGEND FITNESS*® ADVANTAGE

Legend Fitness is an international fitness equipment manufacturer based in the heart of East Tennessee. All Legend Fitness equipment is built at our facility in Knoxville, Tennessee instead of unloading it from a ship on the coast. For over 40 years we have brought the Southern sense of value and hard work to the strength and fitness equipment world. People here know the value of a dollar and a job well done, and it shows in everything we do. From the simplest plate holder to the towering Pro Series Power Cage, our standards of detail and quality can be seen in every weld and powder-coated finish.

The Legend Fitness standard is the reason everyone from high school coaches to multi-million dollar sports complex managers choose to outfit their centers with our equipment. Around the US and abroad, Legend Fitness has been chosen enough times to make us one of the fastest growing strength companies in the world.

**DESIGNED, TESTED, AND MANUFACTURED IN AMERICA:** Every Legend Fitness-branded item is manufactured in East Tennessee by hard-working Americans. We are keeping jobs, and money, here at home and we are proud of it.

**OUTSTANDING CUSTOMER SERVICE:** Despite being a world leader in strength manufacturing, we are still small town folks that will bend over backward to assist you. A customer is a lifelong friend, so if you have questions, give us a call. More often than not, you'll find an actual human being with an answer. We thrive on customer feedback to build relationships and improve our product.

**WEIGHT ROOM DESIGN:** At Legend Fitness, we don't just build the best fitness equipment, we build the best experiences to make sure what you get fully suits your vision. Our strength solutions are customized to your facility, and our weight room design features allows you to lay things out to your specifications. You can find it at [legendfitness.com](http://legendfitness.com) or work with one of our territory managers to desing your perfect facility.

**MORE CHOICES:** We carry over 300 individual products and accessories, making us the ultimate "one stop shop" for completely outfitting a strength training facility.

**THE BEST PERSONALIZATION OPTIONS IN THE FITNESS EQUIPMENT INDUSTRY:** When you choose Legend Fitness, you get to select from over 30 standard powder coat colors for frames and attachments. For upholstered items, there are over 50 standard shades of stain- and chemical-resistant 32-ounce vinyl that's rated for marine use, plus two fabrics. With multiple ways to add your logo, slogan, or team name, there are thousands of ways to make Legend Fitness equipment your own.
